Re: 2011 North American International Motorcycle Supershow

It gives me great pleasure to announce the return of the Sidecar Racers Association to the 2011 Toronto Motorcycle Show.

This is North America's premier event with opportunities to see the latest road going machines, see the fastest race bikes in Canada, and meet motorcycle racers from genres such as Sidecar Racing, Superbike Racing and Motocross Racing.

We will be displaying the Championship winning F2 (600cc) sidecar from KazmiK Racing and also the 2nd placed F1 (1000cc) from Savage Racing.

Visitors will be given the opportunity to have photographs taken in a sidecar and also have the chance to win a passenger ride with the Sidecar Racers Association in 2011.

Please checkout our website for more details and please visit the show to support the SRA and motorcycle racing in general.

Look forward to seeing you all in 2011 !

All the best to you and your families over the festive period.

Mick Boyle - SRA President
